An electric grill that's built to perform? Searing is believing.™

***Introducing the award-winning PowerChef™,
innovation you expect from the name you trust.***

PowerChef sears and cooks food fast and easy with mouth-watering results. Use the manual mode or let PowerChef's automated program tell you exactly when it's time to flip and when to serve. PowerChef also eliminates the worries and hassles of gas grills – no hot spots, empty tanks, broken igniters or flare-ups. PowerChef takes the guesswork out of grilling and lets you cook like a pro.
